Peak PACE Solutions names Patricia Bailey Plan Management Services Director

ST. LOUIS – Aug. 15, 2009 – Patricia Bailey, a veteran of managed care and computer services in PACE settings, has been named plan management services director of Peak PACE Solutions. Peak PACE Solutions is a management services firm that provides specialized services to PACE organizations to help them operate efficiently and effectively. Peak PACE Solutions, located at 2510 S. Brentwood, Suite 216, in St. Louis, will service PACE organizations nationwide.

Bailey helped design PEAK Pace Solutions' computer systems and has years of experience in managing health plans for PACE organizations. She specializes in Part D, CMS compliance, accounting and reporting.

Previously, Bailey worked for eight years in accounting and compliance roles and two years as Health Information Management Director for another PACE organization. She acted as CMS submission expert during the transition from demonstration to permanent provider status for Alexian Brothers Community Services in St. Louis – the first PACE organization to achieve this success.

About Peak PACE Solutions (www.peakpacesolutions.com)

Peak PACE Solutions is a health care management services organization based in St. Louis, Mo. The company helps existing Programs of All-inclusive Care for the Elderly become more efficient by providing claims processing, billing, accounting, risk adjustment and Part D submissions, Medicare reporting and enrollment management services. Peak PACE Solutions also provides training for PACE staff.
