### **EPOCH Completes Short-Term Rehabilitation Expansion**

**WESTON**—EPOCH Senior Healthcare of Weston recently completed an expansion and renovation of the senior care community. In order to provide a greater spectrum of services and more luxurious accommodations to residents and short-term rehabilitation clients, EPOCH of Weston began an expansion and renovation of the building in 2008. The project included adding private units and 30 beds to the dedicated short-term rehabilitation unit.

The short-term rehabilitation program at EPOCH of Weston is a separate unit on the first floor designed to help recovering patients of all ages regain mobility, strength and balance after hospitalization in a hotel-like environment supported by a team of customer-focused professionals.

In addition to occupational, physical and speech therapy services, rehabilitation patients enjoy a dedicated, state-of-the-art rehabilitation gym; customer-focused staff; private baths; flat screen TVs; complimentary access to cable TV, telephone and wireless internet; and onsite concierge and dining services.

The new EPOCH of Weston has 130 skilled nursing and rehabilitation beds and 21 units for specialized memory care assisted living. The project included a complete renovation of the building. An official grand re-opening will take place in April.

Please visit the community to take a tour. For more information, call 781-891-6100 or visit the new photo gallery at [www.epochsl.com/weston](http://www.epochsl.com/weston).
